MEMORANDUM FOR: Director, NPIC

THROUGH: Executive Director, NPIC

SUBJECT: Publications Division Report for August 1962

1. The division produced 693 pages and 128 illustrations for 39 NPIC, one CIA/PAD, and one CIA/ORR publication during August. In addition, 154 graphics, including 50 briefing boards, were completed in support of the Center and other intelligence organizations. A production backlog of 2 to 3 months confronted the division as it entered September.

2. A study was begun during the month to bring up to date the Center's regulations on the forms of geographic names to be used in NPIC publications. This study should be completed shortly and a proposed regulation will be submitted for approval to the Director, NPIC.

50X1

4. Working space, long a critical problem, will probably become completely insufficient during September and the division will have to resort to a seven-day week (an undesirable solution from the standpoint of coordinating PD operations with other components) or attempt to find more space.

5. A graphic representation of division production is appended to this report.

50X1

Fe
Chief, Publications Division, NPIC
